

WINDJAMMER MAILBOXES

We, the WCA office staff, do not have access to the mailboxes since they are federal property. If you were not provided with a mailbox key from the previous resident, you will need to have the lock replaced. There are two options for having your lock replaced:

1. You can purchase a new lock and have it replaced yourself. Please see the image below for the correct lock you will need to purchase. You can find them at Home Depot or any other home improvement store. After you purchase the new lock, you will have to meet with the mail carrier so that they can open up the back of the mailboxes and you (or your handyman) can install the new lock. Below is the local post office's location and contact information.

or

2. You can alternatively make arrangements with the local post office for them to replace the lock for and provide you with a new key **for a small fee**. Below is the local post office's location and contact information.

United States Postal Service

Address: 1201 Gandy Blvd N, St. Petersburg, FL 33702

Hours: 8:30AM - 5:00PM

Phone: (800) 275-8777
